AUDIT COMMITTEE CHARTER (Revised December 10, 2013)

I. Purpose

The primary purpose of the Audit Committee (the “Committee”) of the Board of Directors (the “Board”) is to assist the Board in its oversight of the integrity of the Company’s financial statements, the Company’s compliance with legal and regulatory requirements, the qualification and independence of the Company’s independent auditor, and the performance of the Company’s internal audit function and independent auditors. The policies and procedures of the Committee shall remain flexible in order to best react to changing conditions. The specific duties and responsibilities of the Committee are set forth in this Charter. The duties of the Committee are ones of oversight and supervision; it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles. The fundamental responsibility for the Company’s financial statements and disclosure rests with management. The responsibility for auditing the Company’s financial statements and for reviewing the Company’s unaudited interim financial statements is that of the independent auditors.

II. Composition and Authority of the Committee

The Committee shall be comprised of at least three directors, with the number of members to be determined from time to time by the Board. The members shall be designated by the Board, and each of them shall be independent directors as determined in accordance with applicable laws, the rules of the Securities and Exchange Commission (the “SEC”) and the rules of The NASDAQ Stock Market LLC or any other stock market on which the Company’s securities are listed from time to time.

Each member of the Committee must be financially literate, as determined by the Board, or must become financially literate within a reasonable period of time after his or her appointment to the Committee. One member of the Committee must be an “audit committee financial expert” according to the criteria set forth under Item 407(d)(5) of Regulation S-K and have accounting or related financial management expertise, as determined by the Board. No member of the Committee may serve on the audit committee of more than two other public companies while he or she is serving on the Committee.

The members of the Committee shall be elected by the Board at its first meeting following the annual meeting of stockholders. One of the members shall be appointed Committee Chairman by the Board. Vacancies on the Committee shall be filled by the Board at the next meeting of the Board following occurrence of the vacancy. No member of the Committee shall be removed except by majority vote of the independent directors then in office.

The Committee shall have the authority, acting without further approval of the Board of Directors, to engage, at the expense of the Company, independent counsel and accounting or other advisors to advise the Committee as it determines appropriate to assist in the full performance of its functions. In this regard, the Committee shall have the authority to determine appropriate funding for payment of compensation of such independent counsel and accounting and other advisors and ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

III. Meetings

The Committee shall meet at least quarterly (four (4) times annually), or more frequently as the Committee may from time to time determine is appropriate. The Chairman of the Committee or a majority of the members of the Committee may also call a special meeting of the Committee. The Committee shall meet periodically with management, the Manager of Internal Audit and the independent auditors in separate executive sessions (in no event less than once per year). The Committee may request any officer or employee of the Company, the Company's outside counsel, or the Company's independent auditor to attend any meeting of the Committee (except in those meetings designed to qualify as "executive sessions" in which meetings no members of management shall be present), or to meet with any members of, or consultants to, the Committee.

An appropriate opportunity should be provided for the Chairman of the Board and the Chief Executive Officer to provide input on matters to be considered by the Committee, as determined by the Chairman of the Committee.

The Committee may form subcommittees for any purpose that the Committee deems appropriate and may delegate to such subcommittees such power and authority as the Committee deems appropriate within the scope of the Committee's authority; *provided, however,* that no subcommittee shall consist of fewer than two members; and *provided further* that the Committee shall not delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Committee as a whole.

A majority of the members of the Committee present in person or by means of a conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other shall constitute a quorum. The Committee may also act by written consent provided that all of the members of the Committee execute the resolution or other instrument evidencing the action of the Committee, whether on one document or in counterparts.

Following each of its meetings, the Committee shall deliver a report on the meeting to the Board, including a description of all actions taken by the Committee at the meeting and highlighting any matters requiring decision making by the Board. The Committee shall keep written minutes of its meetings, which minutes shall be maintained with the books and records of the Company.

The purpose of reviewing the report is to permit the Committee to evaluate the auditor's qualifications, performance and independence. The evaluation will include an evaluation of the lead partner of the independent auditor. The Committee will ensure a regular rotation of the lead partner on the Company's account as required by applicable SEC regulation and consider whether regular rotation of the independent auditor is appropriate to ensure continuing auditor independence.
