Huttig Building Products, Inc. Announces Second Quarter 2018 Results

Second Quarter 2018 Highlights:

- Net sales of \$223.4 million, an increase of 12.4%
- Sales growth of 6% above the growth in national housing market
- Settled PrimeSource litigation

ST. LOUIS, July 30, 2018 (GLOBE NEWSWIRE) -- Huttig Building Products, Inc. ("Huttig" or the "Company") (NASDAQ:HBP), a leading domestic distributor of millwork, building materials and wood products, today reported financial results for the second quarter ended June 30, 2018.

"I am pleased with the continued growth trend we achieved through the execution of our strategic growth initiatives in the quarter," said Jon Vrabely, Huttig's President and Chief Executive Officer. "While still in the very early stages of executing our sales growth initiatives, we estimate that our growth during the quarter, based on our current sales mix by market segment, was nearly 6% above that of the growth in the national housing market. Looking forward, we will remain focused on executing our growth plans, improving our gross margins, and managing our working capital."

Results of Operations

Second Quarter 2018 Compared to Second Quarter 2017

Net sales were \$223.4 million in the second quarter of 2018, which was \$24.7 million, or 12.4%, higher than the second quarter of 2017. The increase in net sales was primarily attributed to an approximate 7.7% increase in new residential construction activity as well as organic growth derived from the execution of our strategies.

Millwork product sales increased 3% in the second quarter of 2018 to \$103.5 million, compared to \$100.4 million in the second quarter of 2017. Building products sales increased 24% in the second quarter of 2018 to \$99.4 million, compared to \$79.9 million in the second quarter of 2017, and wood product sales increased 11% in the second quarter of 2018 to \$20.5 million, compared to \$18.4 million in the second quarter of 2017.

Gross margin was \$45.1 million in the second quarter of 2018, compared to \$42.2 million in the second quarter of 2017. The increase in gross

margin was largely due to higher overall sales volumes. As a percentage of sales, gross margin was 20.2% in the second quarter of 2018, compared to 21.2% in the second quarter of 2017. The reduction in gross margin percent was primarily attributed to an increase in direct sales volumes, as well as the proportional increase in building product sales as compared to the growth of other higher margin product categories.

Operating expenses increased \$4.9 million to \$43.0 million in the second quarter of 2018, compared to \$38.1 million in the second quarter of 2017. Personnel costs increased approximately \$2.2 million, primarily as a result of wage increases, higher variable compensation, higher healthcare costs, and hiring additional sales and warehouse personnel related to the execution of our strategic growth initiatives. Non-personnel costs increased approximately \$2.7 million, primarily as a result of higher fuel prices, increased contract hauling costs, and expenses associated with the PrimeSource litigation and settlement. As a percentage of sales, operating expenses were 19.2% in the second quarters of 2018 and 2017, respectively. Excluding expenses associated with the PrimeSource litigation and settlement, operating expenses would have been approximately \$40.5 million, or 18.1% of sales for the quarter ended June 30, 2018.

Net interest expense was \$1.7 million in the second quarter of 2018 compared to \$0.7 million in the second quarter of 2017. The increase was primarily due to higher average outstanding borrowings on our credit facility as well as higher interest rates in the second quarter of 2018 compared to the second quarter of 2017.

Income tax expense was \$0.2 million for the quarter ended June 30, 2018, as compared to \$1.1 million for the second quarter 2017.

As a result of the foregoing factors, we reported income from continuing operations of \$0.2 million for the quarter ended June 30, 2018, compared to income from continuing operations of \$2.3 million for the quarter ended June 30, 2017.

Adjusted EBITDA was \$6.5 million for the second quarter 2018 compared to \$6.4 million for the second quarter 2017.

Six Months Ended June 30, 2018 Compared to Six Months Ended June 30, 2017

Net sales were \$421.4 million in 2018, which was \$47.0 million, or 13%, higher than 2017. The increase in net sales was primarily attributed to an 8% increase in new residential construction activity as compared to 2017 levels as well as organic growth derived from the execution of our strategic growth initiatives.

Millwork product sales increased 4% in 2018 to \$198.8 million, compared to \$191.7 million in 2017. Building products sales increased 26% in 2018 to \$184.9 million, compared to \$147.3 million in 2017, and wood product sales increased 6% in 2018 to \$37.7 million, compared to \$35.4 million in 2017.

Gross margin was \$83.8 million in 2018, compared to \$77.7 million in 2017. The increase in gross margin was largely due to higher overall sales volumes. As a percentage of sales, gross margin was 19.9% in 2018, compared to 20.8% in 2017. The reduction in gross margin percent was primarily attributed to an increase in direct sales volumes, as well as the proportional increase in building product sales as compared to the growth of other higher margin product categories.

Operating expenses increased \$7.1 million to \$82.2 million for 2018, compared to \$75.1 million in 2017. Personnel costs increased approximately \$4.0 million, primarily as a result of wage increases, increased variable compensation, hiring additional sales and warehouse personnel related to the execution of our strategic growth initiatives, and higher healthcare costs. Non-personnel expenses increased approximately \$3.1 million, primarily as a result of higher fuel prices, increased contract hauling costs, and expenses associated with the PrimeSource litigation and settlement. As a percentage of sales, operating expenses decreased to 19.5% in 2018 compared to 20.1% in 2017. Excluding expenses associated with the PrimeSource litigation and settlement, operating expenses would have been approximately \$78.8 million, or 18.7% of sales for the six months ended June 30, 2018.

Net interest expense was \$2.8 million in 2018 compared to \$1.3 million in 2017. The increase was primarily due to higher average outstanding borrowings on our credit facility as well as higher interest rates in 2018 compared to 2017.

Income tax benefit was (\$0.9) million in 2018 compared to (\$0.1) million in 2017.

As a result of the foregoing factors, we reported a loss from continuing operations of \$0.2 million for the six months ended June 30, 2018, compared to income from continuing operations of \$1.4 million for the six months ended June 30, 2017.

Adjusted EBITDA was \$8.8 million for the six months ended June 30, 2018 compared to \$7.2 million for the six months ended June 30, 2017.

Balance Sheet & Liquidity

Cash used in operating activities was \$30.1 million for the quarter ended June 30, 2018, compared to \$22.0 million for the quarter ended June 30, 2017. The primary use of the cash in the second quarter 2018 was to fund the normal seasonal increases in account receivables and inventory. At June 30, 2018, the company had \$39.4 million of excess committed borrowing availability.

Legal

On June 29, 2018, the Company entered into a confidential agreement with PrimeSource for the settlement and release of all claims between the parties. The agreement does not limit or restrict the future business activities of any of the parties and did not have a material adverse effect on our financial condition, results of operations or cash flows.

Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The words or phrases "will likely result," "are expected to," "will continue," "is anticipated," "believe," "estimate," "project" or similar expressions may identify forward-looking statements, although not all forward-looking statements contain such words. Statements made in this press release including, but not limited to, statements regarding our current views with respect to financial performance, future growth in the housing market, distribution channels, sales, favorable supplier relationships, inventory levels, the ability to meet customer needs, enhanced competitive posture, financial impact from litigation or contingencies, including environmental proceedings, are included pursuant to the "safe harbor" provision of the Private Securities Litigation Reform Act of 1995.

These statements present management's expectations, beliefs, plans and objectives regarding our future business and financial performance. These forward-looking statements are based on current projections, estimates, assumptions and judgments, and involve known and unknown risks and uncertainties. We disclaim any obligation to publicly update or revise any of these forward-looking statements, whether as a result of new information, future events or otherwise, and we cannot guarantee that any forward-looking statements will be realized or achieved.

There are a number of factors, some of which are beyond our control that could cause our actual results to differ materially from those expressed or implied in the forward-looking statements. These factors include, but are not limited to: the strength of construction, home improvement and remodeling markets and the recovery of the homebuilding industry to levels consistent with the historical average; the cyclical nature of our industry; the uncertainties resulting from changes to United States and foreign laws, regulations and policies including the Tax Cuts and Jobs Act of 2017; the cost of environmental compliance, including actual expenses we may incur to resolve proceedings we are involved in arising out of a formerly owned facility in Montana; any limitations on our ability to utilize our deferred tax assets to reduce future taxable income and tax liabilities; our ability to comply with, and the restrictive effect of, the financial covenant applicable under our credit facility; the loss of a significant customer; deterioration of our customers' creditworthiness or our inability to forecast such deteriorations; commodity prices; dumping duties; tariffs; risks associated with our private brands; termination of key supplier relationships; risks of international suppliers; competition with existing or new industry participants; goodwill impairment; the seasonality of our operations; significant uninsured claims; federal and state transportation regulations; fuel cost increases; our failure to attract and retain key personnel; deterioration in our relationship with our unionized employees, including work stoppages or other disputes; funding requirements for multi-employer pension plans for our unionized employees; product liability claims and other legal proceedings; the integration of any business we acquire and the liabilities of such businesses; and those set forth under Part I, Item 1A – "Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2017. These factors may not constitute all factors that could cause actual results to differ from those discussed in any forward-looking statement. Accordingly, forward-looking statements should not be relied upon as a predictor of actual results.

Non-GAAP Financial Measures

Huttig supplements its reporting of net income (loss) with the non-GAAP measurement of Adjusted EBITDA. This supplemental information should not be considered in isolation or as a substitute for GAAP measures.

Huttig defines Adjusted EBITDA as net income (loss) adjusted for interest, income taxes, depreciation and amortization and other items as listed in the table below.

Huttig presents Adjusted EBITDA because it is a primary measure used by management, and by similar companies in the industry, to evaluate operating performance and Huttig believes it enhances investors' overall understanding of the financial performance of our business. Adjusted EBITDA is not a recognized term under GAAP and does not purport to be an alternative to net income (loss) as a measure of operating performance. Huttig compensates for the limitations of using non-GAAP financial measures by using them to supplement GAAP results to provide a more complete understanding of the factors affecting the business. Because not all companies use identical calculations, Huttig's presentation of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies.
